## Alumna Interaction Report

Activity / Event:	: Alumna Interaction
Date & Time:	: 10.07.2025 – 2:30 pm to 4:00 pm
Venue:	: Room No 306, Block I, KVRRDCW
Organised by	: Department of Biotechnology
Participants	: III BSc Life Sciences & II BSc (Biomedical Science)
Resource Person(s)	: Ms K Sherasha, Alumna 2018-21, Roll No. 111318487021

**Introduction to Resource Person(s):** Ms. K. Sherasha, an accomplished alumna of the BSc (Mb Bt C) program (Batch 2018–2021), has shown exceptional academic and research potential in the field of Life Sciences. She completed her Master's degree in Molecular Biology and Human Genetics from the Institute of Genetics and Hospital for Genetic Diseases, Begumpet - an esteemed institution under Osmania University, established in 1978 and recognized for its pioneering work in genetic research and education.

Ms. Sherasha recently qualified the Biomedical Research Eligibility Test (BRET-2024), earning the prestigious DHR-ICMR Non-Medical Fellowship for Ph.D. 2024. In addition, she was awarded the ICMR-Junior Research Fellowship (JRF) in 2025. Further cementing her academic accomplishments, she has been provisionally selected for the Ph.D. program (2025–26) in the Department of Biosciences and Bioengineering at the Indian Institute of Technology (IIT) Bombay, one of the country's premier institutes for advanced scientific research and education.

**Topic of Interaction:** Career opportunities in the Life Science stream.

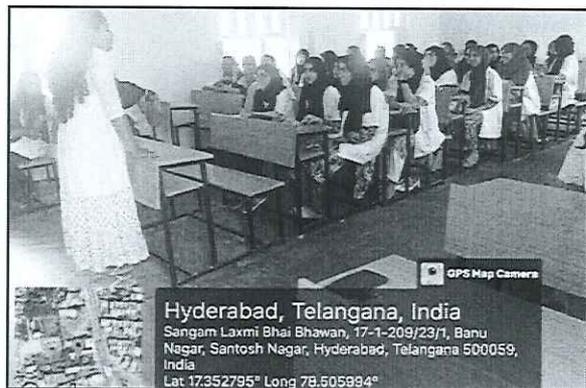

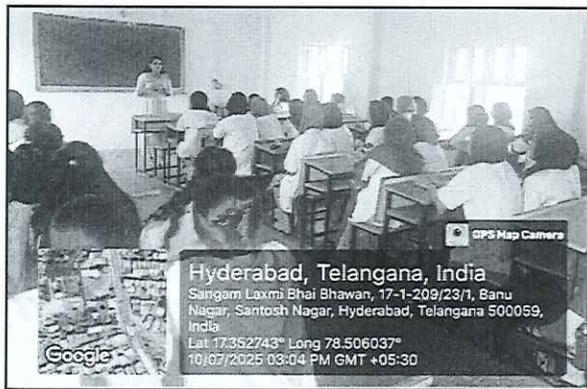

**Activity Report:** Ms. K. Sherasha interacted with final-year Life Science students and second-year students of Biomedical Science on Thursday, 10th July 2025. During the session, she shared her academic journey, from undergraduate studies to her current achievements in postgraduate education and research.

The session was highly inspiring, as Ms. Sherasha offered valuable career guidance, emphasizing the importance of pursuing higher education in the field of Life Sciences. She encouraged students to prepare for competitive entrance exams such as BRET and ICMR-JRF, and provided insights into various opportunities including national-level fellowships, research internships, and academic projects.

Her guidance helped students gain a clearer understanding of the diverse pathways available in life science research and higher education. The interactive nature of the session allowed students to clarify doubts and receive first-hand advice from someone who has successfully navigated the academic and research landscape.

**Outcome:** The interactive session with Ms. K. Sheresha proved to be highly enriching and motivating for the students. Her academic journey and achievements inspired the attendees to actively consider higher studies and research opportunities in Life Sciences. Students gained valuable insights into various career paths, entrance examinations, and research fellowships such as BRET, ICMR-JRF, and Ph.D. programs at premier institutes like IIT. The session also emphasized the importance of internships, research projects, and early preparation for competitive exams. Overall, the session significantly boosted student awareness and motivation toward building a career in life sciences.
